## DEPARTMENT OF MECHANICAL ENGINEERING

**RV COLLEGE OF ENGINEERING®**

**(Autonomous Institution affiliated to VTU, Belagavi)**

# Computer Aided Engineering Graphics – ME122GL

## Part B Question Bank

## With Effect From 2024-25 Academic Year Even Semester

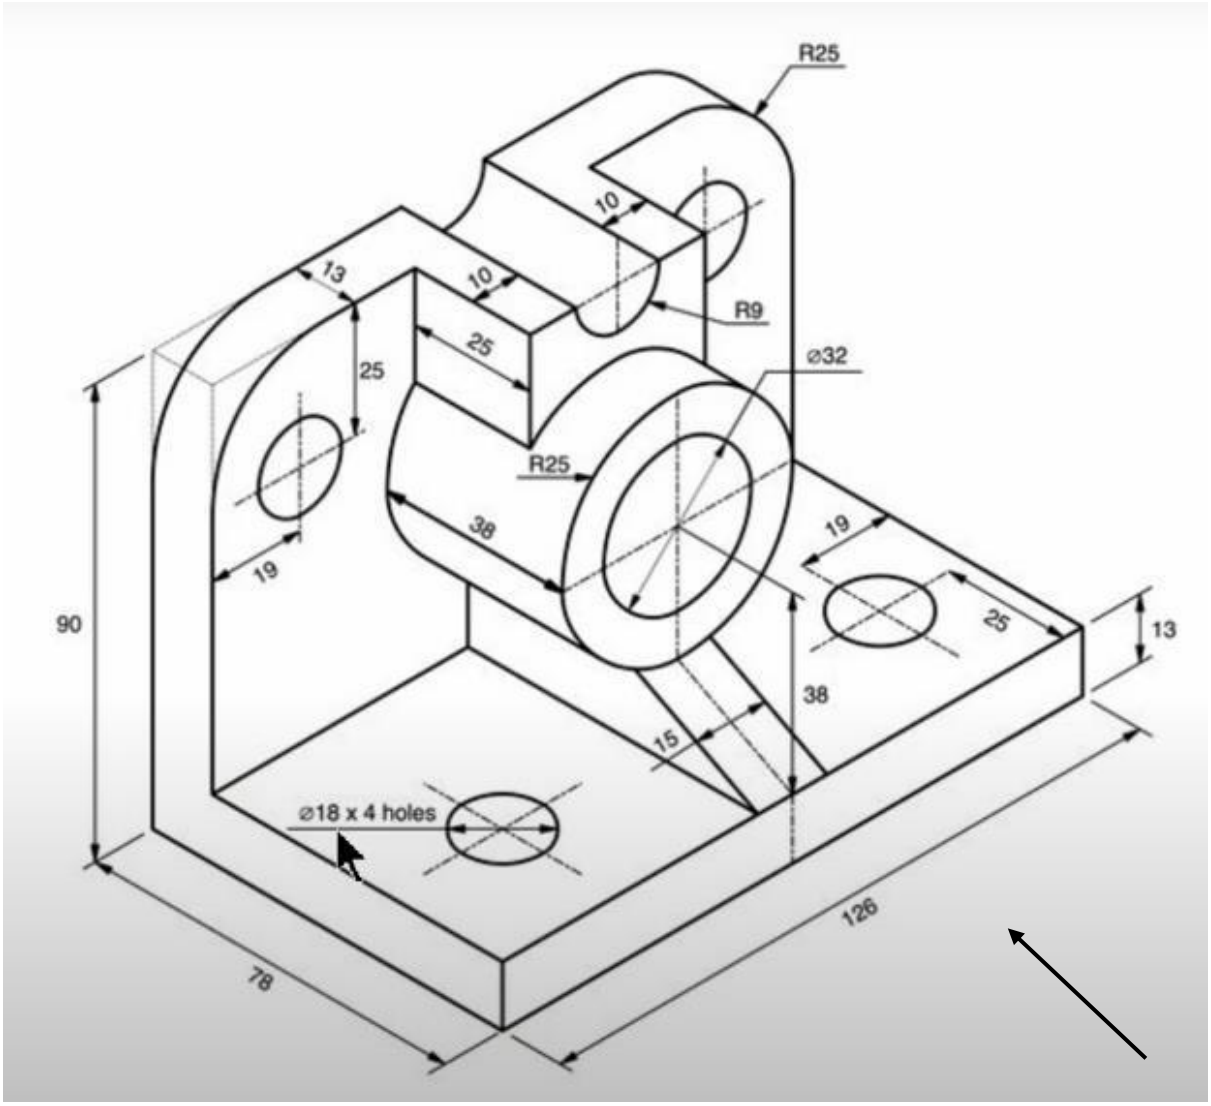

**2024 – 25**

Q1. Draw the 3D view of the object shown below and create the following orthographic projections:

a) **Front View** – as seen in the direction of the arrow

b) **Top View**

c) **Side View**

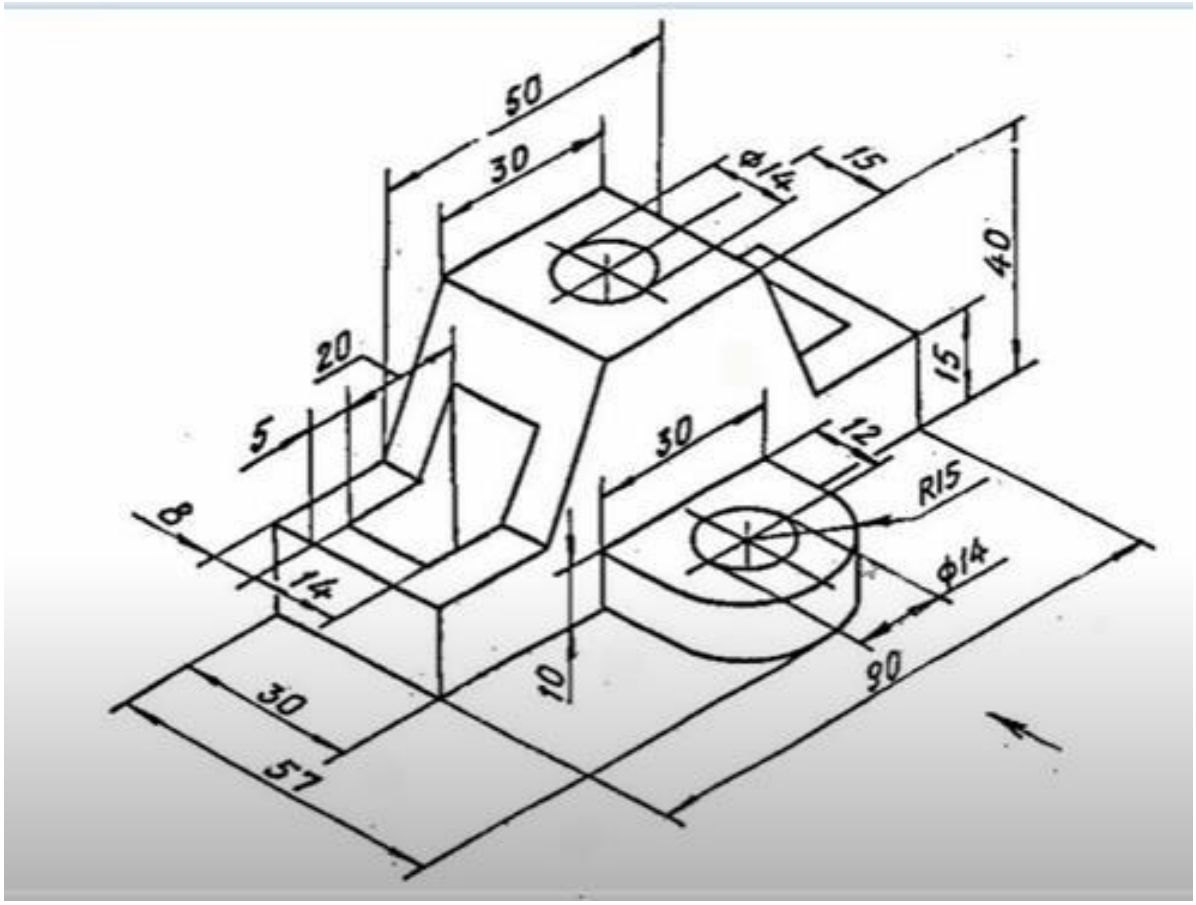

Q2. Draw the 3D view of the object shown below and create the following orthographic projections:

a) **Front View** – as seen in the direction of the arrow

b) **Top View**

c) **Side View**

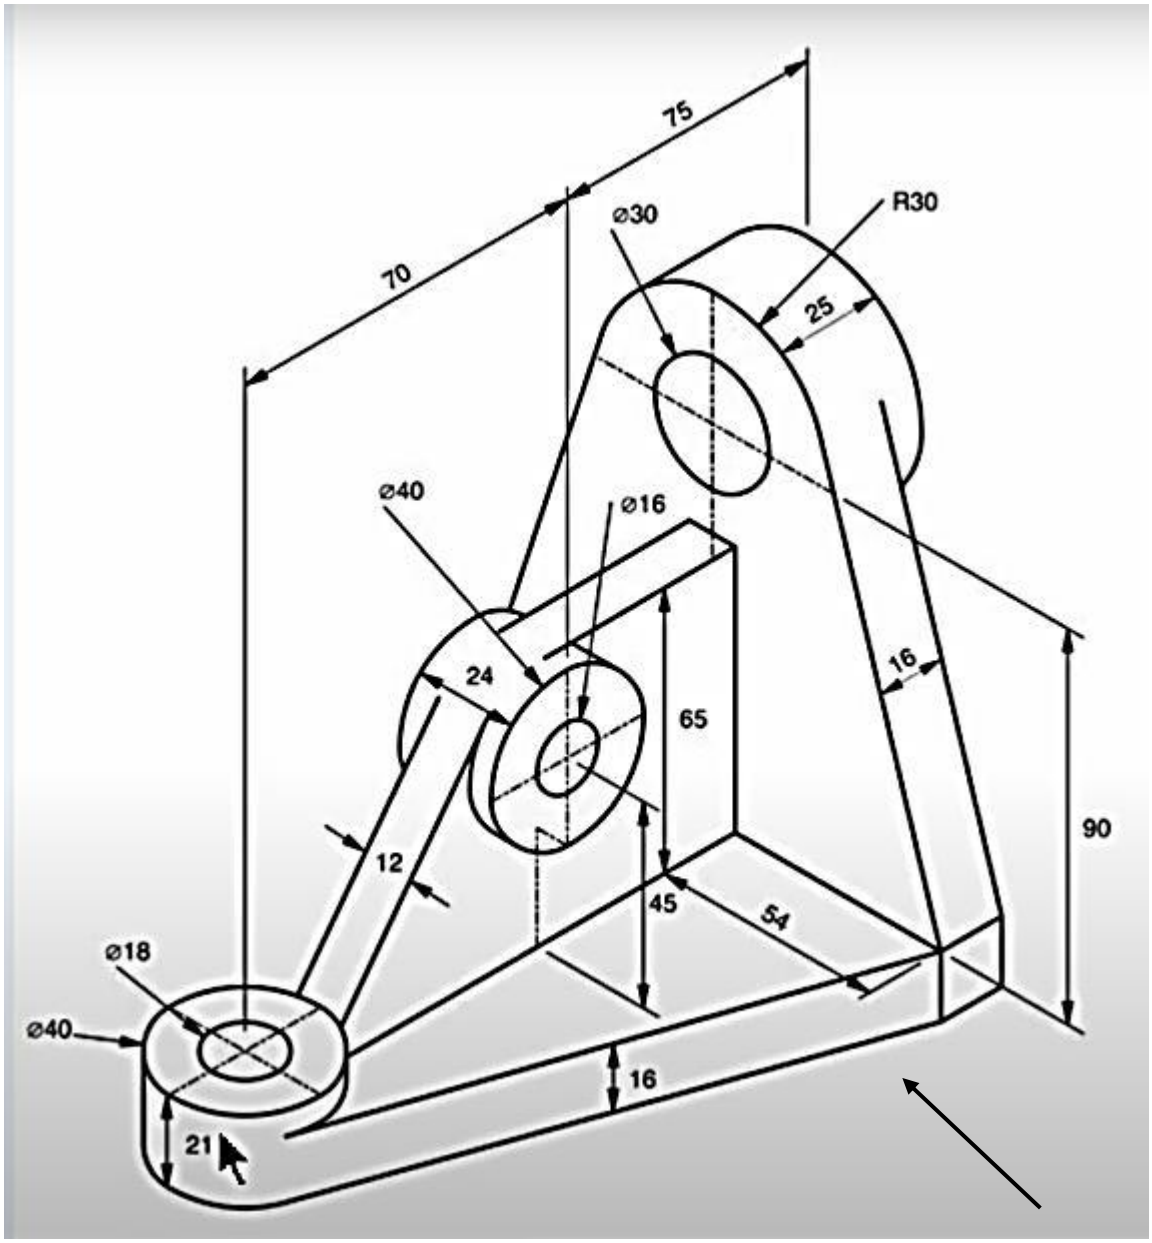

Q3. Draw the 3D view of the object shown below and create the following orthographic projections:

a) **Front View** – as seen in the direction of the arrow

b) **Top View**

c) **Side View**

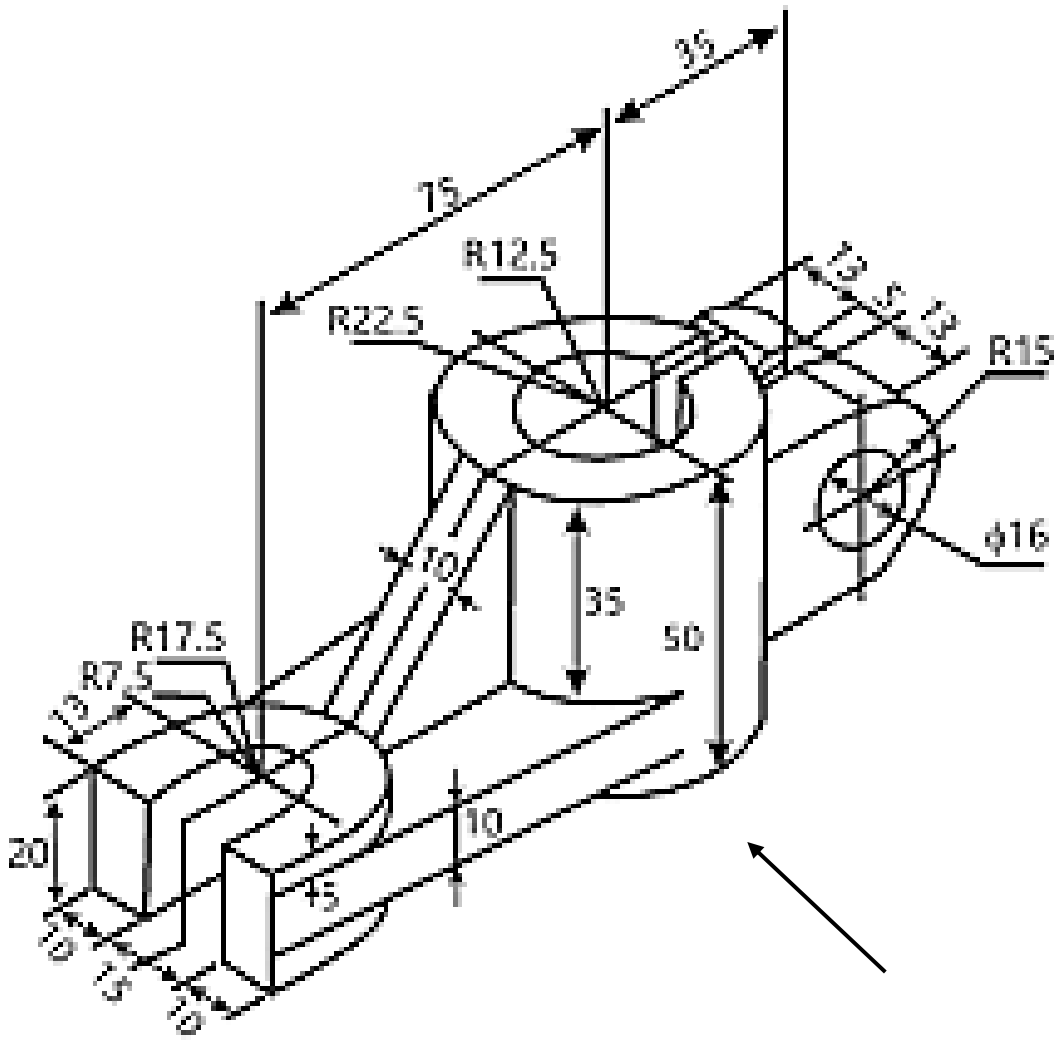

Q4. Draw the 3D view of the object shown below and create the following orthographic projections:

a) **Front View** – as seen in the direction of the arrow

b) **Top View**

c) **Side View**

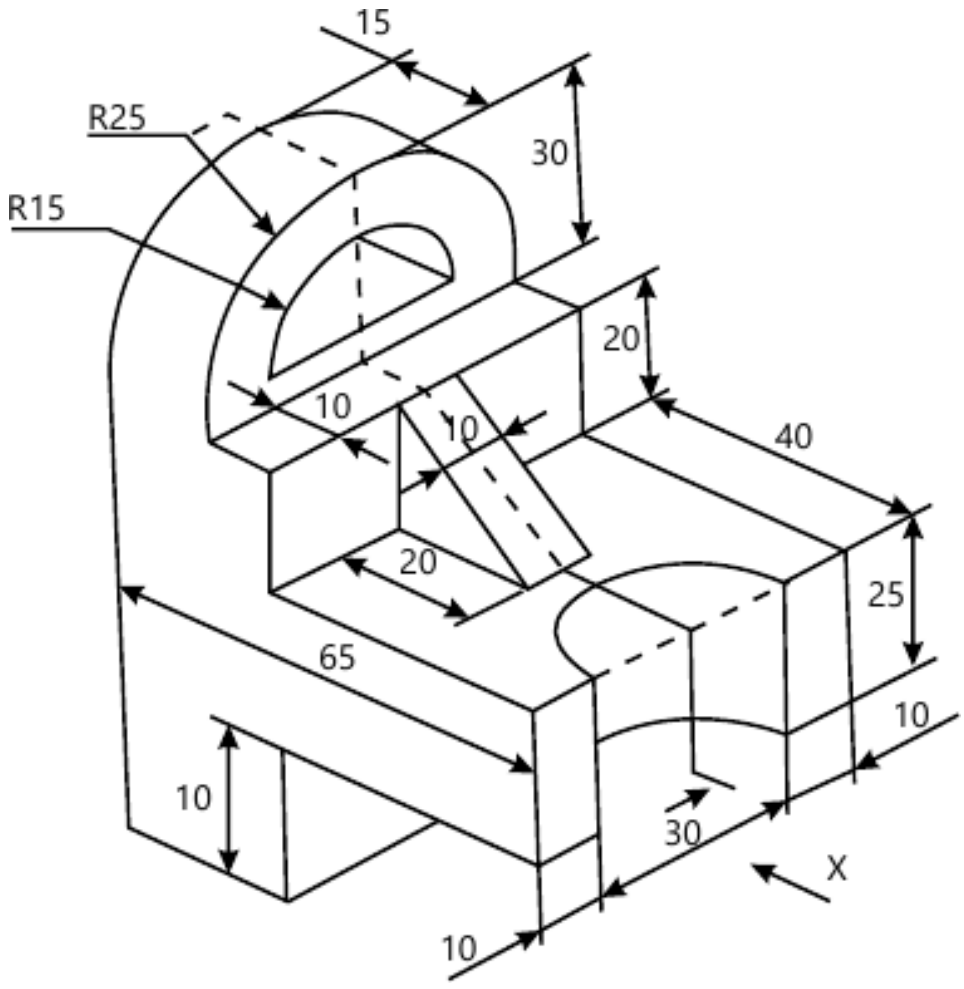

Q5. Draw the 3D view of the object shown below and create the following orthographic projections:

a) **Front View** – as seen in the direction of the arrow

b) **Top View**

c) **Side View**

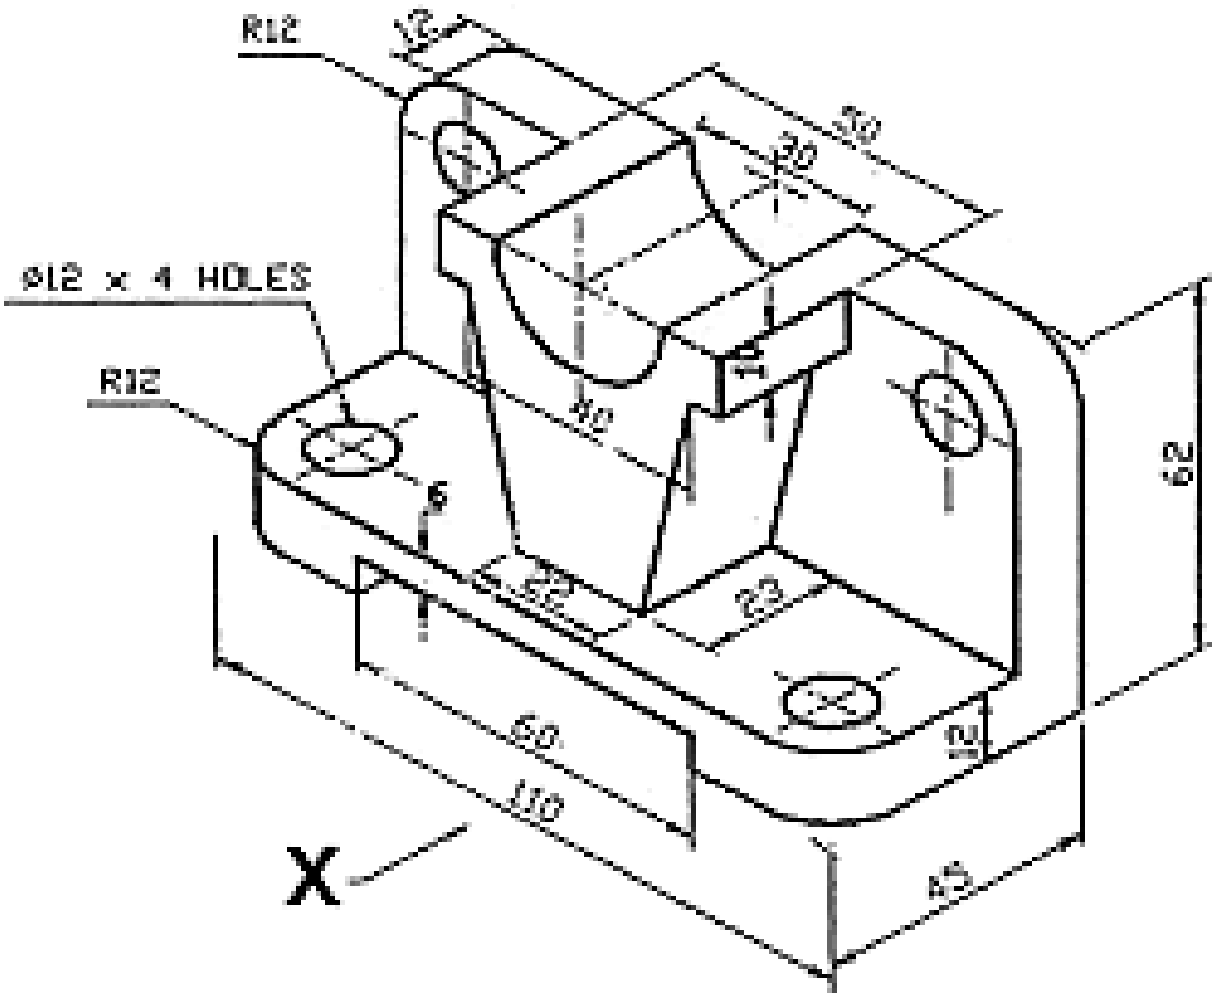

Q6. Draw the 3D view of the object shown below and create the following orthographic projections:

a) **Front View** – as seen in the direction of the arrow

b) **Top View**

c) **Side View**

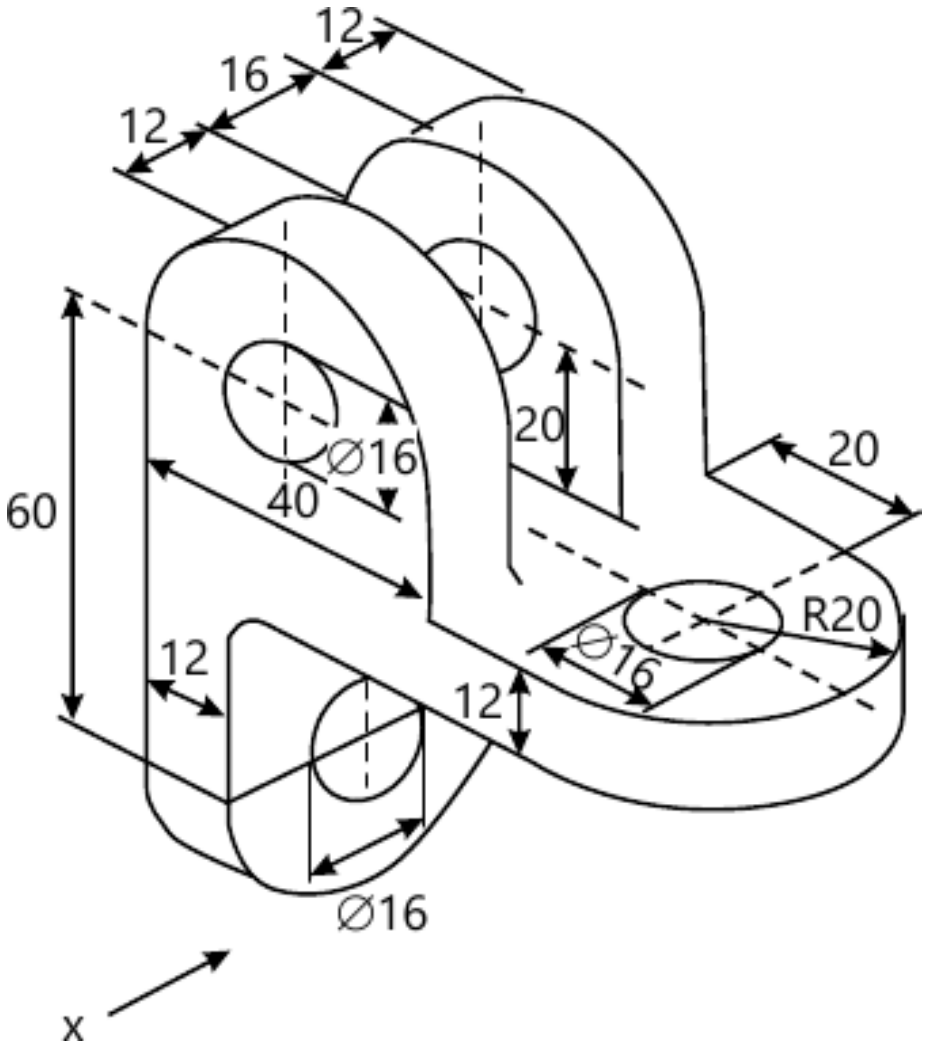

Q7.Draw the 3D view of the object shown below and create the following orthographic projections:

a) **Front View** – as seen in the direction of the arrow

b) **Top View**

c) **Side View**

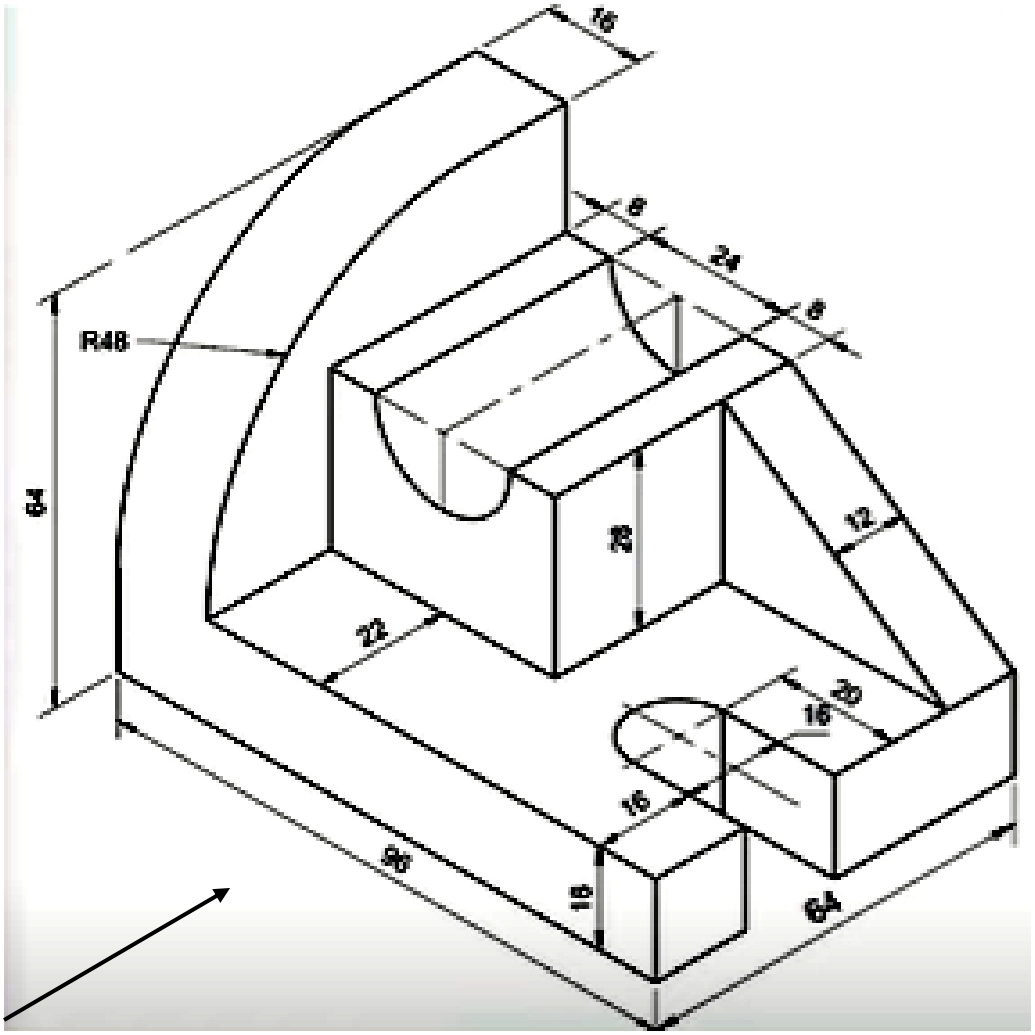

Q8. Draw the 3D view of the object shown below and create the following orthographic projections:

a) **Front View** – as seen in the direction of the arrow

b) **Top View**

c) **Side View**

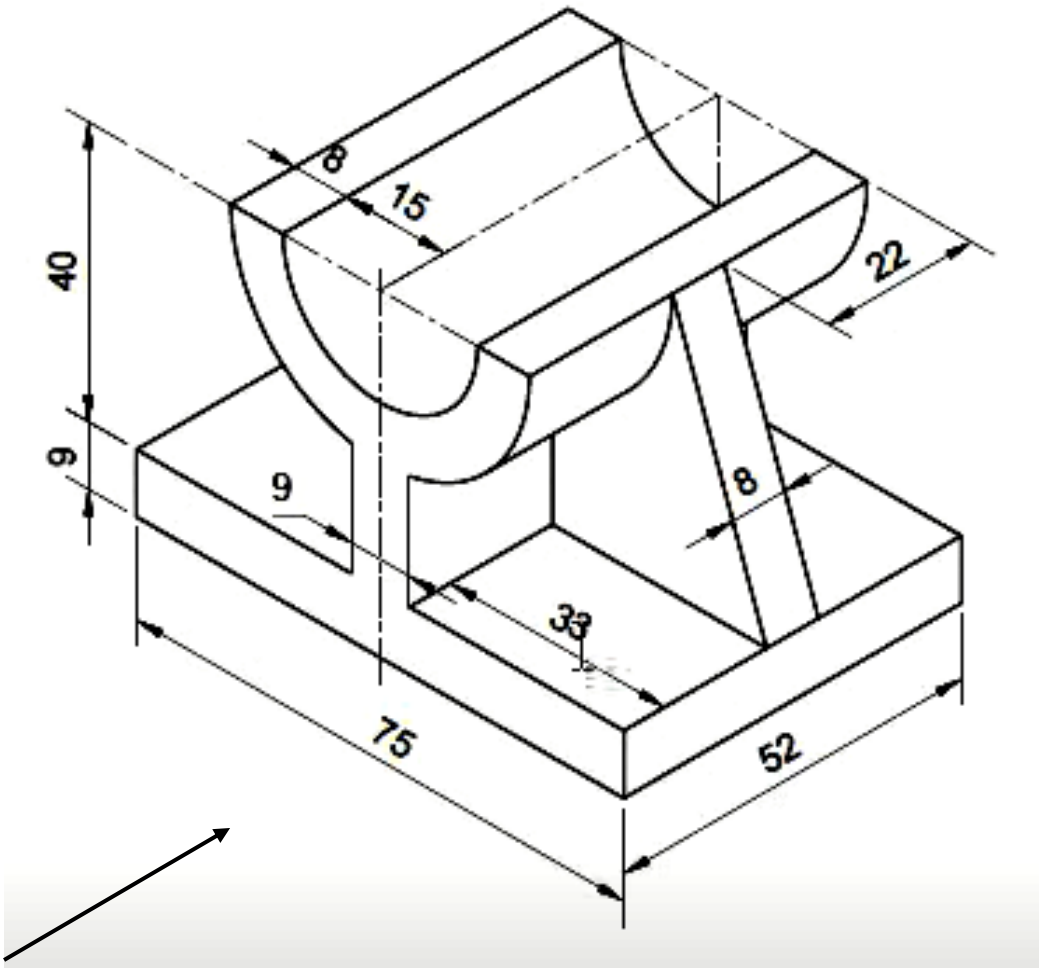

Q9.Draw the 3D view of the object shown below and create the following orthographic projections:

a) **Front View** – as seen in the direction of the arrow

b) **Top View**

c) **Side View**

Q10.Draw the 3D view of the object shown below and create the following orthographic projections:

a) **Front View** – as seen in the direction of the arrow

b) **Top View**

c) **Side View**
